

Power your large-scale biogas project with 3x450kW V12 Deutz generators in a 1350kW parallel configuration. Engineered for farms, food waste plants, and bioenergy stations needing scalable, ...

Originally launched for limited markets in 2021, the 40-ft containerized generator sets were engineered for easy transportation, simple installation and are stackable, offering up to 34% ...

The Containerized Series generator sets are engineered to deliver reliable, mission critical power protection without interruption -- an uptime requirement shared by data centers, healthcare facilities, ...

Our Tier 4 containerized generators are high-powered --500 kW to 1250 kW-- units packaged in 30-foot or 48-foot ISO containers.

our eco&#176; GEN-C series features all-in-one packaged power generation solution, engineered for mobility, easy deployment and scalability. each power container is engineered to meet specific application ...

1350kw 40hq Container Containerized Electric Diesel Generator Powered by Perkins Engine

Engineered for durability in prime/standby applications. o Engine: Cummins water-cooled, heavy-duty industrial engine. o Alternator: 100% Copper brushless with AVR. o Control: Integrated digital auto ...

High-Power Output: The HIC 1350GF containerized diesel generator boasts a robust 1350KW power output, making it ideal for large-scale applications, such as powering commercial buildings, data ...

FUAN LONGKAI POWER Co., Ltd was established in 2000, and now become one of the professional players of generating set manufacturer in China. The factory of Longkai, occupying a total space of ...

New Caterpillar 3512B Diesel Marine Generator Set - Rated at 1350KW, 1687KVA, 480V, 60Hz, 1800RPM - IMO Tier 1 Emissions Compliant - 0 hours Since New
