

## 60kW Mobile Outdoor Unit for Water Plants

With a robust, rental-ready construction, the 48 KW (60 kVA) XQ60 generator is designed to be easily transported around project sites safely and efficiently.

Reliable 60kW (75kVA) mobile generator powered by FTP (IVECO) engine, EPA Tier 4 Final. Built in the USA, ideal for prime or standby power. Fully packaged, and engineered for demanding rental-grade ...

The 60kW AMMPS Generator Set, MEP-1070, is a self-contained, skid mounted, portable unit. It is equipped with controls, instruments and accessories necessary for operation.

For our customers with residential or small community projects, Canyon Hydro provides a broad selection of micro-hydro systems up to about 100kW, each delivering high efficiency, quality and ...

The single unit operates as a power inverter, battery charger, auto-transfer switch, system monitor and connection box that will minimize utility grid dependence and optimize the balance

Engineered for outdoor installations, the L3 HVR-60KWH-60K boasts an IP55 rating, ensuring reliable performance in various environmental conditions. Its scalable design supports up to 6 inverters and ...

The Generac MDG75DF4 60kW mobile generator is designed to deliver consistent, long-lasting power for construction sites, outdoor events, and industrial operations.

This mobile diesel generator powers our irrigation systems, refrigeration, and workshop tools. The dual voltage output (230V AC and 220V DC) lets us run both household appliances and older DC equipment.

The innovative Liebert CW060, 60kW system lets you rapidly deploy chilled water capacity, achieve higher efficiency and use less white space.

The product is suitable for outdoor installation with an IP55 system level rating and a IP65 battery pack rating. The battery storage system is ideal for small scale commercial and industrial (C&I) applications.
