

Who is Black Mountain Energy Storage?

Leveraging cumulative decades of electric market experience, Black Mountain Energy Storage develops powerful, flexible, and strategically placed battery energy storage projects to foster a resilient electric grid. BMES' quickly expanding team of energy experts are fast actors in pipeline development of utility-scale energy storage solutions.

Will recurrent buy Black Mountain Energy Storage?

Today, Recurrent announced the acquisition of two standalone energy storage projects from Black Mountain Energy Storage. The projects, which are in the South Load Zone of the Texas ERCOT market, are each anticipated to store up to 200 MWh of energy.

Can Black Mountain capitalize on the growing need for battery energy storage?

Agile, visionary, and well-funded, Black Mountain is well poised to capitalize on the growing need for battery energy storage.

Who is Black Mountain?

Agile, visionary, and well-funded, Black Mountain is an entrepreneurial community of energy operators that specialize in identifying and capturing high-growth opportunities in the global energy sector. Collectively, we have decades of expertise in sourcing, developing, and operating assets worldwide with a track record of delivering strong returns.

Black Mountain Energy Storage (BMES) is the nation's fastest growing energy storage development platform. The company has developed +3GW pipeline of optimally sites utility scale storage projects in ERCOT. ...

Black Mountain Energy Storage is a battery storage company aiming to provide versatile energy storage services to utilities.

Black Mountain Energy Storage has established itself as a pioneering entity within the dynamic realm of energy storage solutions, focusing on both utility-scale and project developer needs. This overview ...

Industry News and press featuring Black Mountain and our family of companies.

Agile, visionary, and well-funded, Black Mountain is an entrepreneurial community of energy operators that specialize in identifying and capturing high-growth opportunities in the global energy sector.

The company was created by Black Mountain, a private team of early mover project developers specializing in identifying and capturing high-growth opportunities in the global energy sector with decades of geological and ...

Black Mountain Energy Storage is formed with the purpose of providing reliable energy storage capacity to the U.S. electric grid, thereby supporting grid resiliency and facilitating the integration of renewable resources.

Black Mountain Energy Storage aims to develop utility scale energy storage solutions uniquely positioned to provide key grid reliability services required to support the integration of ...

Our projects contain flexible assets tactically positioned at points of persistent grid congestion and volatility.
