Are solar batteries a good investment?

That's where solar batteries come in. By storing excess energy, a solar battery allows you to power your home at night or when the grid goes down. This provides blackout protection, greater energy independence, and reduced reliance on utility companies. Another benefit of solar batteries is maximizing your return on solar investments.

Which solar battery should I buy?

The right battery depends on your household's energy needs. For backup power during outages, a mid-size unit like the Tesla Powerwall or LG Chem RESU may be enough. For daily cycling and maximizing solar self-consumption, higher cycle life options like Sonnen Eco shine.
