

Canberra solar storage cabine high-efficiency model discount offer

Does Canberra have solar power?

Canberra ranks high for solar potential, averaging over 4.5 hours of peak sun daily. Without storage, most of that energy is exported at low feed-in tariffs--typically 7-12¢/kWh. Battery storage changes the game by allowing you to:

Are solar battery systems a trend for Canberra Homes?

Solar battery systems aren't just a trend--they're a move toward powerhouse autonomy for Canberra homes. Whether you choose Tesla, Sungrow, or one of the other reliable brands, your battery pays for itself faster when combined with a smart solar system and ACT rebates.

Do Canberra Homes need a solar energy system?

In most Canberra homes; yes, they can. It comes down to system size, roof space, and how you use energy day to day. We'll work with you to design a system that matches your household needs, and where needed, recommend pairing it with battery storage to reduce your grid reliance even further.

Is Canberra a good place to install solar?
