We have a range of modular off grid container, (or other) based power supplies. The beauty of our systems is they are completely expandible in terms of PV Panels, Inverter Kw output/phases and ...

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

Lower electricity bills and deliver reliable whole-home back-up power when grid power goes down. Our award-winning solar hybrid inverters are simple to install, easy to manage your energy needs, and ...

China continues its relentless expansion of solar power capacity, now home to the world's largest solar plant. The 2.2 gigawatt facility spans an area of over 25 square kilometers in the Gobi desert.

EK Solar PV container is a container that integrates photovoltaic power generation and energy storage system, which aims to improve energy efficiency by efficiently utilizing solar energy.

EK-XRES DCP 2.2 is a compact, easy to use water pump/reservoir combo unit. Base and top of reservoir is made of quality POM Acetal while the clear tube is made of quality casted acrylic material.

While increasing the power generation power, this module maximizes container transportation efficiency through innovative layout design, significantly reduces logistics costs, and injects new vitality into the ...

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are ...

Explore our range of high-quality solar outdoor power cabinet 2.2 degrees, and ensure you're ready for your next adventure!

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by ...
