

Will IFC support Egypt's first utility-scale battery energy storage system?

Cairo, Egypt, June 15, 2025 - IFC today announced an investment to support Egypt's first utility-scale battery energy storage system (BESS), deepening its partnership with AMEA Power, a leading renewable energy developer in Africa, the Middle East, and Central Asia, and the Government of Egypt to advance the country's clean energy ambitions.

Does Scatec have a solar project in Egypt?

In a separate announcement, Norway's Scatec said it had signed a 25-year PPA with Egyptian Electricity Transmission Co. (EETC) for a 1 GW solar and 100 MW/200 MWh battery storage hybrid project in Egypt. "This will be the first hybrid solar and battery project in Egypt," said Scatec CEO Terje Pilskog.

Does AMEA power have a solar project in Egypt?

The latest announcements bring Amea Power's total renewables capacity in Egypt to 2 GW of solar and 900 MWh of BESS. The company claims to have projects in 20 countries, with a pipeline above 6 GW and 1.6 GW currently in operation and under or near construction.

Which solar projects are being built in Egypt?

The first project involves a 1 GW solar plant with a 600 MWh BESS in the Benban area. The second project is a 300 MWh BESS at the site of Amea Power's 500 MW Abydos solar array, which is currently under construction. Both projects are in Egypt's Aswan governorate.

IFC today announced an investment to support Egypt's first utility-scale battery energy storage system (BESS), deepening its partnership with AMEA Power, a leading renewable energy ...

Trina Storage, a unit of Trinasolar, has completed a 300-megawatt-hour (MWh) battery energy storage system (BESS) in Egypt ahead of schedule, setting a new benchmark for rapid ...

Egypt's first utility-scale battery energy system storage developed by AMEA Power, delivered ahead of schedule Commissioning follows recent financial close, marking a major ...

Recyclable designs meeting new EU export regulations [7] As Cairo's Energy Minister recently quipped: "We built pyramids to last millennia - our energy storage should too." With lithium ...

Egypt Lithium-ion Battery Energy Storage Systems Market (2024-2030) | Trends, Share, Competitive Landscape, Outlook, Companies, Size & Revenue, Analysis, Growth, Value, Industry, Segmentation, ...

Dubai-based developer Amea Power has agreed to build a 1 GW solar plant with a 600 MWh battery energy storage system (BESS) and an additional 300 MWh BESS. Meanwhile, ...

Egypt's energy storage sector is rapidly evolving, with battery technology playing a pivotal role in renewable energy integration and grid stabilization. This article explores how Egyptian energy ...

Trina Storage has detailed its efforts on Egypt's first-ever utility-scale BESS, as it completed a 300 MWh BESS in Egypt within 60 days, delivering ahead of schedule. The facility, ...

Spark Renewables specializes in renewable energy solutions, including solar energy and energy storage. They focus on delivering cost-effective and sustainable energy options through innovative ...
