

High-efficiency IP54 outdoor solar cabinet for campsites

Our main products include low voltage and high voltage battery packs, on and off grid hybrid inverters for households, commercial and industrial applications. We also have the all-in-one hybrid generator ...

The 125kVA/215kWh Air-Cooling Outdoor BESS Cabinet integrates a high-safety LiFePO4 battery system, 125kVA PCS, and intelligent BMS in a compact outdoor cabinet. With IP54 protection and air ...

Enhance your energy storage capabilities with our cutting-edge 50kW/100kWh outdoor cabinet energy storage system. With a rated AC power of 50kW and a rated capacity of 100kWh, this system boasts ...

Energy storage outdoor integrated cabinet is a distributed energy storage system suitable for industrial and commercial scenarios. It can convert renewable energy such as solar energy and wind energy ...

60kWh/200kWh outdoor integrated cabinet for industrial and commercial storage. Suitable for various industrial and commercial application scenarios such as industrial parks and commercial complexes, ...

The Outdoor Cabinet Energy Storage System is a fully integrated solution that combines safe battery storage, intelligent power management, and weatherproof protection for solar and telecom applications.

High-capacity modular design that can be scaled from 215kWh to multi-MWh configurations. IP54-rated outdoor cabinet that withstands extreme temperatures, dust, and moisture. Real-time load ...

Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal management, and parallel operation ...

IP54 protection, transformer isolation, intelligent air cooling, and reliable operation from -25°C to 60°C.

All-in-One Outdoor Energy Storage Cabinet integrates a 125kW bi-directional PCS inverter and 215kWh LiFePO4 battery into a rugged, space-saving solution for commercial/industrial applications.
