This bundle comes with the GoSun Table 60,Power 266,Power 144,Chill,Fusion,and Flow Pro. Living off-grid has never been easier as you can cook,cool,and charge with this complete package. We designed the Solar Kitchen so that each product integrates seamlessly with one another.

What is a solar kitchen?

A solar kitchen is a self-contained,autonomous set-up that integrates seamlessly with one another. It doesn't require re-supplying ice,re-fueling the fire,or swapping dead batteries. The Solar Kitchen meets your family's needs both in good times and during tough times. It operates using solar energy during the day and electric power at night.

What are the best solar kitchen appliances?

Solar ovens and cookersare probably the most widely available solar kitchen appliances. If you're thinking of purchasing a sun oven,the Haines 2.0 Solar Cooker and Dutch Oven Kit is a great choice. Made from metalized polyester and polycarbonate materials that should not oxidize in the sun,this solar cooker has two-fold benefits.

What are the most energy-efficient solar kitchen appliances?

After sun ovens and cookers,the next most widely available energy-efficient solar kitchen appliances are solar refrigerators and freezers. The Smad 7.5 Cu.ft. Solar Energy DC Refrigerator/Freezer Double Door Compressor Fridge is a great solar refrigerator and freezer.
