

Solar power street light 30w are a modern solution for illuminating streets, pathways, and public spaces using solar energy. These innovative lighting systems harness sunlight through photovoltaic panels ...

30-Watt Solar Street Light Lamp Power: 30W Dimension: 20*8*4 Inches Color Temperature: 6000K- 6500K CRI :>80ra IP Rating: IP65 Input Voltage: DC 12V Lamp Efficiency :>130 lm/W Power Factor: ...

Wide power range: 30W~120W. Solar panel + led chip + charge controller + battery all in one box. High Lumen output up to 170lm/w with high-quality LED chips. With Intelligent power regulation, the ...

In regions experiencing abundant sunlight, solar street lights are the best alternative to standard street lights powered by electricity. You can use these street lights to illuminate the streets, patio, ...

With an integrated design that combines the solar panel, LED light, battery, and controller in one unit, this solar street light ensures easy installation, minimal maintenance, and reliable performance.

Our solar lighting series combines efficiency, durability, and ease of use, making it an ideal choice for outdoor lighting in various environments.

Our 30 WATT Solar Street or Garden lights turn on at dark, detect movement then illuminate to very bright. After the movement subsides, the lights return to normal power.

Goldsuno, a global well known solar street light supplier, provides the newest solar street light projects in Moldova.

brings you a easier way to control the outdoor lighting than even before. . If equipped with heating features, it may be This Solar Street Light operates on a low voltage DC current.

The AISL33100130ML/MP system comes with inbuilt Lithium Ion or Lithium Ferro Phosphate battery pack, a 30W LED giving a 3800 lumen output and a 60W Solar Panel. System comes along with a ...
