

The Ministry of Mineral Resources and Energy of Mozambique, funded by the German Government through KfW, has announced a tender for solar photovoltaic and battery energy storage projects, ...

3 solar power projects totalling 260MW in generation capacity with state-of-the-art Battery Energy Storage Systems (BESS), including the first 100MW floating solar PV project to be developed in ...

We continue to build our business in Mozambique through this project, our purchase of the Mocuba solar PV plant and our Temane gas-to-power project, currently in construction."

The Metoro Solar Power Station is a 41 megawatt solar power plant in Mozambique. The power station was developed by a consortium comprising Neoen, a French independent power producer (IPP) based in Paris, France and Electricidade de Mo&#231;ambique (EDM), the Mozambican electricity utility company. Construction began in October 2020, with commercial commissioning expected in the fourth quarter of 2021.

Mozambique is set to significantly expand its solar power infrastructure with two new plants in Cabo Delgado and Nampula. These initiatives underscore the country's firm commitment to ...

A community of farmers found new hope in the construction of the Mocuba solar plant that is providing consistent, clean, and affordable energy to homes and small businesses in Zambezia region, ...

The project's impact goes beyond energy generation: It has created over 1,200 jobs during construction, implemented a Livelihood Restoration Plan for 223 displaced families, offering agricultural training, ...

By the end of 2022, there is a total of 125 MW of solar power plants (under a public-private partnership (PPP)) developed in Mozambique, of which 60 MW are already connected to the national grid: ...

IN 2016 Scatec Solar and Norfund signed a Power Purchase Agreement that secured the sale of solar power over a 25-year period to the state-owned utility, Electricidade de Mozambique ...

Mozambique is advancing its renewable energy initiatives with the launch of a significant new solar project. Developed by EleQtra, the project will install a total of 14 MW of solar power ...
