

Off-network type communication power supply cabinet for production line

Using your desired PLC or computer platform and HMI screen or manual interface, we can design your hardware control system. This can include ethernet, wireless communication and battery backup in a ...

The CNTCE product line incorporates design flexibility to quickly customize dimensions and functionality. When combined with our optimized manufacturing facilities, customers get a fast ...

This heavy-duty enclosure securely houses a Stand By Power Supply and three (3) batteries along with equipment and cable required for fiber optic conversion and/or distribution.

Riteoptic provides custom-made, durable base station racks and cabinets for specific business requirements. Our base station cabinets can directly power nearly any communication equipment ...

Our power supply enclosures offer efficient power processing & synchronous rectification, ensuring cool operating temperatures & longer runtime. See more!

Alpha's Pole Mount enclosures are the most durable broadband power supply enclosures in the industry. Each enclosure features a removable door and lid. Standard features include a high magnetic circuit ...

The Base Station Energy Cabinet is a fully enclosed, weather-resistant telecom energy cabinet designed to provide reliable power distribution and battery backup for outdoor communication networks.

The indoor and outdoor cabinet systems enable smooth operation and their modular designs provide operational flexibility. They feature power supply, distribution, and protection equipment as well as ...

This durable, outdoor network enclosure comes with a power supply that provides up to 350W (55V DC, 6.3A) of power to industrial equipment, such as PoE switches, injectors and wireless access points.

Protect critical power infrastructure with Alpha enclosure systems. Secure, scalable & durable solutions for telecom & broadband networks.
