

Rural photovoltaic panel installation scam exposed

Your social media feed is probably full of them: ads promising free solar panels, guaranteed savings, or special government programs that'll pay you to go solar. Some even claim ...

This article explores the most common solar panel scams, provides tips to recognize red flags, and offers guidance on protecting yourself from fraudulent solar companies.

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading...

The con starts with a fast-talking salesperson offering a "limited time offer" for a free solar energy installation.

Con artists use misleading sales tactics and lies to trick homeowners out of money and personal information. If you've received an offer for "free solar panels," it could be a scam. Always...

In July, Connecticut Attorney General William Tong sued SunRun, and two smaller companies it worked with, alleging deceptive, unfair and illegal sales of solar power systems.

To avoid getting scammed, you need to know what to look out for and when to walk away. Here's our guide to spotting solar panel scams and finding a great installer.

Learn how to spot solar panel fraud, avoid predatory contracts, and take action if you've been scammed, with guidance from Prevost Law Firm.

It doesn't matter what they're selling--a new roof, driveway repaving, tree trimming, or solar panels--never hire someone who shows up at your door. You have no way of knowing who ...

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll ...
