

SRNE MPL MPPT street-light controller (12/24V, 10-30A) for lead-acid/lithium, >=99% tracking, optional IoT monitoring and IP67. Download the datasheet & manual.

Our product range includes a wide range of high mast solar street light, solar led street light, outdoor solar light, 24v solar street light, crompton street lights and designer solar street light system.

24W solar street light with 1 nos. X 80 watt solar panel, 35 Ah (12.8V) solar battery (inbuilt), 12V PWM solar charge controller (inbuilt), dusk to dawn sensor (inbuilt), GI pole and other complete ...

Our Watt-a-Light 12 volt & 24 volt LED street lamps are bright, super energy efficient, and trusted around the world! These commercial grade DC powered parking lot /streetlights are used in many solar ...

Choosing the right solar panel type is essential for maximizing the efficiency and performance of a solar-powered street lighting system. The two most common options are ...

Buy online the Street Light LED KMini Series 30 Watt 12/24 Volt DC ideal for solar panel installers. Connect to mppt & battery system. 12 or 24 volt dc input. Ideal for off grid solutions.

(-Scope of use-): This Hybrid charge controller match all 12/24v battery, including Lithium Battery. Suit max 800w wind generator and max 600w solar panels for wind solar complementary system for ...

This small solar street light is an economical LED lighting solution and is available with a choice of LED power from 10W to 25W and a choice of pole heights. Perfect for less demanding applications such ...

Our street light range is the best alternative for traditional street lighting with better return on investment and superior performance with over 60% energy savings compared to conventional lighting.

The 120 watts 12V or 24V DC LED solar street light has a modular design and good versatility, interchangeability and maintainability. The lens has a faceted light distribution technology for high ...
