

## The last photovoltaic energy storage exhibition was held on June 8

The SNEC PV Power Expo in Shanghai is among the leading international fairs and conferences for the photovoltaic industry. The acronym "SNEC" stands for "Solar New Energy Convention".

Solar PV & Energy Storage World Expo will be held in Canton Fair Complex Guangzhou China, with 2000 quality exhibitors, 150,000 sq.m., together with the world-leading companies Longi, ...

This week, the SNEC 8th International Energy Storage Technology and Equipment Exhibition and Application (Shanghai) Conference, also known as the "SNEC ES+ 2023 International Energy ...

The SNEC International Photovoltaic Power Generation and Smart Energy Conference & Exhibition (SNEC PV+ Expo) was held at the National Exhibition and Convention Center in ...

The World Solar Photovoltaic and Energy Storage Industry Expo has been held continuously for 15 years and is an important exhibition platform for global solar storage enterprises to promote trade ...

More than 3,600 companies from 95 countries and regions around the world participated in the exhibition, of which international exhibitors accounted for 30%. It has become the most influential ...

SNEC 2025 exhibition covers the entire PV and energy storage value chain with multiple specialized areas showcasing the latest products and solutions.

As one of the world's most specialized PV exhibitions, SNEC PV&ES showcases PV production equipment, materials, solar cells, PV application products and modules, as well as PV engineering ...

The annual "SNEC PV & ES Expo" has also been widely recognized as a compass for the global photovoltaic and energy storage industry, indicating industry trends in technology, equipment ...

Held with concurrent exhibitions. The past records may include concurrent/joint exhibits. For more detailed information of the trade fair, please check the official website of the individual ...
