

Maximize Limited Space 60-cell module power output up to 265W Up to 162 W/m² power density

No product description available.

TOLERANCE As a leading global manufacturer of next generation photovoltaic products, we believe close cooperation with our partners is critical .

Available in 60-cell configurations with output ranges from 265W, our Honey products meet all of your rooftop PV needs. Advanced cell texturing techniques have enabled Honey products to set two world ...

The document details the specifications of a 60-cell multicrystalline solar module with a power output range of 250-265W and a maximum efficiency of 16.2%. It highlights the module's compatibility with ...

Black frame, white backsheet, 35mm. PD05 is dual listed module, popular with customers across all applications. PD05 is compatible with all major balance of system components and module ...

All you need to know about the TSM-265PEG5 solar panel including rating, cost, efficiency, and warranty terms.

Complete guide to 265W solar panels including specifications, pricing, top models from LG, Canadian Solar & more. Expert reviews & buying advice for 2025.

25 units (full pallet) of Trina TSM-265 PC 05A 265W solar panels polycrystalline. Dimensions: 1650x941x35mm Vmp: 31V Imp: 8.55A Voc: 38.40V Module efficiency: 16.12% 10 years warranty

Unlock the potential of solar energy with the solar panel TSM-265 PD05 from Trina Solar, which has a rated output of 265 watts and makes your power generation more sustainable.
