

What do photovoltaic panel manufacturers provide for free

There are two main types of free solar deals: leases and PPAs. Both work like this: the company puts panels on your property for free, but they own the panels, not you. With a solar lease, ...

In most cases, these companies are describing a solar lease or solar power purchase agreement (PPA) type of program. Under these agreements, the company installs solar panels on ...

Here are some of the most popular incentives the Federal Government -- in cooperation with state and local governments and public utility companies -- have adopted to encourage ...

Discover how solar leases and PPAs work, their benefits, drawbacks, and eligibility so you can decide if "free" solar panels are right for you.

Here's the reality: "Free solar" typically means solar with no upfront cost--not solar you'll never pay for. These offers often refer to solar leases or power purchase agreements (PPAs), ...

Riding this historic trend, some are even claiming they can bring you in on a deal of lifetime: free solar panels. Sound too good to be true? That is probably because it very well may be. ...

Learn why solar panels aren't truly free, how financing options make them affordable, and how homeowners can maximize federal and state solar tax credits.

There's no such thing as free solar panels or free government solar programs. Most "free" offers are actually leases, power purchase agreements, loans or scams.

There is no such thing as free solar panels, and there is no such thing as a no-cost solar program. If you're hearing about "free" or "no-cost solar programs," you're likely being fed a cheap ...

Wondering if free solar panel programs are legit? Learn what getting "free" solar panels really means and how it might cost you in the long run.
